

# Awareity's Solutions: Addressing the "Killer Gap"

**"Killer Gap"** - Organizational leaders are struggling to address costly and critical gaps which are the result of mounting Economic Challenges, Regulations and Dangerous Trends with Decreasing Budgets, Limited Resources and Fewer Employees. Awareity's solutions can help your organizations the same way we have helped others to get better results by more effectively addressing costly and critical gaps immediately and ongoing as costs and challenges continue to change while also:

- ✓ Preventing Costs
- ✓ Reducing Costs
- ✓ Eliminating Costs
- ✓ Improving Efficiencies
- ✓ Improving Quality of Services

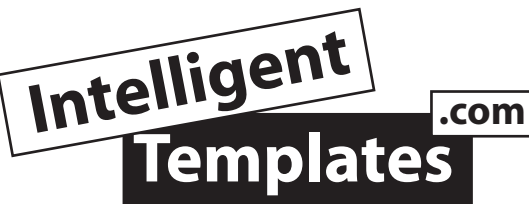

## Awareity's Solutions:

**MOAT (Managed Ongoing Awareness and Trust)** is a comprehensive framework of proven and award winning knowledge management services and training tools designed to replace expensive and ineffective megaphone management methodologies. MOAT delivers Secure Information/Knowledge Sharing, Information Security Awareness and Privacy Awareness modules, On Demand Progress Reporting, Individual-level Acknowledgements and Certifications, Audit-Ready and Legal-Ready Documentation and requires no software and no hardware implementation. MOAT can be utilized by every department to ensure customized knowledge is shared with the right people in the right place at the right time.

**TIPS (Threat Assessment, Incident Management and Prevention Services)** is the fastest and easiest way for students, employees and third-parties to securely and confidentially report a suspicious incident online and notify the crisis team (threat assessment, law enforcement, SROs, administrators, mental health, first responders, etc.) immediately for a quick, timely and documented response.

**Intelligent Templates** is a revolutionary suite of tools to simplify escalating challenges and complexity associated with developing Policies, Procedures, Plans, Roles and Best Practices while also addressing an organization's lack of resources to research and build updated processes. Intelligent Templates simplify and breakdown complicated manuals, regulations and guidelines so you can create customized policies, procedures, plans and roles that meet your organization's immediate and ongoing needs.

CYA Services On-demand help organizations achieve their business objectives, reduce risks, lower costs and maximize efficiencies. Awareity understands how limited resources and overwhelmed personnel can lead to less than satisfactory results. Based on real-life experiences, Awareity's CYA Services provide what organizations and management need to ensure internal and external controls are implemented, communicated, coordinated, managed and documented so organizations can meet key milestones that lead to ongoing and high levels of success.
